## SKILLS

- **Languages:** C++, Python, C
- **Frameworks:** HTML, CSS and Vercel
- **Tools/Platforms:** MySQL, Tableau
- **Soft Skills:** Problem-Solving Skills, Team Player, Project Management, Adaptability

## EXPERIENCE

- **Capgemini** November 2024 -March 2025  
• *Software Associate*
  - **About:** Contributed to development and support tasks for the Dassault Falcon Jet project. Collaborated with cross-functional teams to implement robust software solutions and ensure project milestones were achieved.
  - **Responsibilities:** IT Security Principles · System & Software Configuration · Identity & Access Management (IAM) User Support & Troubleshooting
- **Bitsolve Technology Pvt. Ltd.** March 2024 – October 2024  
• *Data Analyst Intern*
  - **Project Overview:** Conducted Exploratory Data Analysis (EDA) to uncover key business insights. Developed dynamic Power BI dashboards and validated large datasets to improve data accuracy and support strategic decision-making.
  - **Tech stacks used:** Python · Excel · Power BI

## PROJECTS

- **Smart Recipe Finder:** September 2025
  - Developed a web application that suggests recipes based on ingredients users have on hand.
  - Implemented a Python backend to integrate with a third-party recipe REST API, fetching and parsing real-time data.
  - Build logic to rank the recipe suggestions from the API and included advanced filtering options for better user experience.
  - **Tech: Python, REST APIs**
- **Ecommerce Sales Dashboard:** October 2024
  - Developed a dynamic dashboard in Power BI to provide a comprehensive analysis of sales performance.
  - Analyzed key business requirements to identify and implement essential metrics and KPIs.
  - Engineered interactive features, including charts, graphs, maps, and customizable filters for advanced reporting and visualization.
  - **Tech: Power BI, Power Query**
